EASY-TO-USE

- Administrators up and running in less than two hours
- Simplify data management of contact information
- Instant notifications via text, voice, email, desktop, social media, and more
- Segment and target users based on department, location, and more
- Customize interface based on role or needs
- One-click conference bridging and real-time reporting

BEST IN CLASS SUPPORT

- Dedicated 24-7, 365 day support
- Access to Rave product experts for advice or general questions at every stage
- Training sessions, self-service portal, marketing resources and more available
- It's the primary source of information for our workers. They appreciate getting messages ahead of time. The administrators sending those messages appreciate how simple it is. It really is a great tool that just works, and that's why we have so much confidence in it."
